

**U**<sub>RI</sub>—**P**<sub>AN</sub>

**URI-PAN** provides a  
convenient and accurate  
method of collecting  
and  
measuring urine output.

## COMMODOE TYPE SPECIMEN COLLECTOR

Reorder No. 1070

Packed 100 per case

- **STURDY**  
Made of virtually unbreakable polypropylene.
- **EASY TO MEASURE**  
Especially easy to measure small amounts of urine due to convex bottom.
- **EASY TO READ**  
Graduations clearly printed in large numbers. Graduated in both ounces and cubic centimeters.
- **BACK TO BACK COLLECTION**  
Uri-pans may be placed back to back in toilet bowl to allow simultaneous collection of stool and urine.
- **EASY POURING**  
Functional pour spout allows accurate pouring into smaller containers.
